PROJECTS

React News Portal

Developed a responsive React application to display news articles from a public API. Implemented category-based filtering and efficient pagination for user-friendly navigation. Utilized Reactjs for dynamic functionality and Bootstrap for styling. Ensured modern design and responsiveness across devices. Enhanced user experience with clean and intuitive interface.

- Reactjs, Bootstrap, Github.

Portfolio Website

A dynamic and visually engaging showcase of my skills and projects. This responsive website not only serves as a platform to present my portfolio but also demonstrates my proficiency in front-end web development.

-HTML, CSS, Javascript, Github.

Nike Landing Page

Designed a fully responsive e-commerce platform named "Nike" with a focus on user Interface and experience in intuitive layout for browsing Nike shoes across various screen Sizes and devices.

- Reactjs, TailwindCSS, Github.

CERTIFICATIONS
